"Right this way, if you please, sir!"

Unless you happen to be an invited guest of the British Royal family, the best way to "see" Windsor Castle is under the convoy of a uniformed guide. In a sing-song patter, he will tell you its history. . . point out things of interest whose full significance would escape the unattended tourist.

It also saves time and shoe-leather to use "guides" when you do your daily marketing at home. These guides are the advertisements in this paper. They tell you where, when, and the equally important "how much."

By consulting the advertisements, you know in advance what the stores have to offer. If you are pressed for time, you can do your shopping by telephone, with the newspaper before you as a definite guide. Read the advertisements. ... the big ones and the little ones.

"Step this way," the advertisements say, saving time and

. and why!

In every industry there must be a leader, and in ires, the place of leadership belongs to Goodyear. tires, the place of testership belongs to Goodyear.

This is not a claim. It is a public verdict. A survey of tire preferences from coast to coast proved that 49% of Canada's motorists would rather have Goodyears than any other make of tire.

There must be a reason. There is one, and it is this: Every new tire-need, occasioned by motor car development, has been anticipated and met by Goodyear to the satisfaction of millions of motorists all over the world.

Constant striving for additional endurance, safety and dollar-value in tires has finally produced the body-balanced Goodyear Tire.

the body-balanced Goodyear Inte.
Goodyear Sperrwist Cords, Goodyear's own
method of processing rubber and Goodyear hand
workmanship give you a tire in which tread and
carcass are perfectly balanced and become virually one piece. Inner fifterion hear is conquered.
There can be no weak aports because strains and
shocks are borne by the tire as a whole.

Face this summer's driving with tire confidence. See your Goodyear dealer now. You will appreciate his intelligent and friendly service . . and the safety and economy of Goodyear Tires,

Motorists Amazed at Performance of the New Ford Eight

"Marvelous!" "Smoothest riding car I've ever known!"

"Back seat as comfortable as front!"

"Like an airplane!" "What wonderful brakes!"

"Faster than I'd hoped!" "You can scarcely hear the engine!"

"I didn't expect such remarkable gasoline mileage!"

"I've never driven a car like it!" "It almost drives itself!"

EVERY MOTORIST who has driven the New Ford Eight has been amazed at its sensational performance and remarkable riding comfort. It isn't just a new eight-cylinder car but a new kind of eight-cylinder car. New in design! New in economy! New in the joy it puts in motoring!

You've never driven a car like it! It's roomiet and faster and more comfortable than your fondest hopes. So fleet and responsive and perfectly balanced that it seems to glide over the road without effort.

"Your very first ride will tell you that it is the greatest value in the history of the automobile. You'll be more enthusiastic about it than you've been about any car you've ever known—regardless of price.

It is almost unbelievable that such smoothness, speed, power, quiet, comfort and quality can be offered at such low cost.

Smooth, vibrationless eight-cylinder engine. 68 horsepower. Remarkable acceleration. 78 miles an hour. Silent second gear. Silent synchronized gear shift. Automatic spark control. Down-draft carburetor, with silencer. Low, good-looking bodies. Generous room for all passengers. Soft, restful seats. Comfortable riding springs. Self-adjusting Houdaille shock absorbers with thermostatic ride control. Safety glass windshield in all body types. Safety glass throughout in Sport Coupe, Cabriolet, Victoria, Convertible Sedan and all De Luxe cars. Exceptional low cost of operation and up-keep. The built-in reliability and long life characteristic of the Ford car. See the New Ford Eight at the showrooms of the nearest dealer. Drive it yourself for an amazing new thrill in motorins.

ALSO A NEW FORD FOUR

Another great New Ford car. 50-horsepower engine, operating with new smoothness. Sells for \$60 less than the New Ford Eight. Same low, roomy beautiful bodies and rich finish. Has many of the outstanding features of the New Ford Eight. See it. Drive it. Know why it is as sensational a value as the New Ford Eight.

By Aline Michaeli

I do not wait the great joy Which beckons from afar, The joy that in life's distant sky Is like a mist-wreathed star.

- For many, many aching hearts
 Down lonely ways have gone,
 Still seeking for the splendid joys
 That bloom beyond the dawn!
- I do not strive for starry joys
 That only a few may know;
 The joys I ask are candle-gleams
 To light the way I go.

"Right this way, if you please, sir!"

Unless you happen to be an invited guest of the British Royal family, the best way to "see" Windsor Castle is under the convoy of a uniformed guide. In a sing-song patter, he will tell you its history. . . point out things of interest whose full significance would escape the unattended tourist.

It also saves time and shoe-leather to use "guides" when you do your daily marketing at home. These guides are the advertisements in this paper. They tell you where, when, and the equally important "how much."

By consulting the advertisements, you know in advance what the stores have to offer. If you are pressed for time, you can do your shopping by telephone, with the newspaper before you as a definite guide. Read the advertisements. . . the big ones and the little oner

Attacking the gold standard and its effect upon labor, Bryan made his most dramatic gesture when he said:

"YOU SHALL NOT PRESS DOWN UPON THE BROW OF LABOR THS CROWN OF THORNS, YOU SHALL NOT CRUCIFY MANKIND UPON A CROSS OF GOLD."

This speech was used extensively throughout the campaign, placed in the then new-fangled phosographs which were considered to the places everywhere and one could hear the convention speech and the cheering by dropping a coin in the slot and picking up which Bryan received more voles than was ever previously, cast for any presidential candidate of either party, William Mc-endidate of either party, William Mc-Pail" policy was triumphant. Seems if no matter how many votes the Democrate sign up the Republicans slways manage to get few mere.

All Holders of Official World's Records Used **DUNLOP** Tires

Kaye Don

Every one of the world-famous racing drivers who hold the 61 official world's auto speed re-cords made these records on DUNLOP tires.

These drivers staked their lives on DUNLOP dependability. Today's prevailing speeds, quick starts and sudden braking require the perfect assurance of tire reliability. For safety's sake—for comfort—for economy and for smooth, silent travel, insist on DUNLOP Cable Cord—"The World's Finest Tire."

Are you a well-informed person?

Every day this newspaper is filled with news. And our experience is that the news which interests you most is the news which affects you most. When one of your friends has participated in a minor accident, you are more interested in that than in a major accident in another

Advertising, too, is news of the first importance. It affects you It is intimate, local news addressed to you. It deals with your comforts, your pleasure and your business. It saves you time by telling you where the merchandise is. It saves you money by announcing fair prices. It is the guide to efficient spending. When you fail to read the advertise mosts, you do not keep up with news that is most important to you. You miss many opportunities.

The best-informed people are those who read the advertisements regularly. In fact, in this modern age, when each days brings forth new things which directly affect you, you cannot ignore the advertisements in your daily newspaper and still be well-informed.

TOBACCO is naturally GOOD!

Good tobacco is mellow and fragrant by Nature, but some tobaccos are naturally better than others.

None but the choicest of tobaccos are used in the manufacture of Winchester Cigarettes, and these are blended right, through a knowledge of cigarette manufacture which has come after many years of experience.

IT'S NEW! IT'S GLORIOUS!

a brand new cereal with a grand old flavor

HERE'S a fascinating new, flaky cereal you simply must try! "Grape-Nuts" FLAKES ___ the delicate, golden-flake companion to "Grape-Nuta" Cereal.

Never have you tasted such a completely delightful breakfast dish. It wins your appetite without a struggle and (rarest of all things among cereals) keeps on being your favorite spot in a pleasant breakfast no matter how often it appears on your table. WHAT FLAKES THEY ARE!

They're crinkly. They're curly. They're erisp as popeorn and sweet as a nut. And in them is the grandest, most famous flavor among breakfast good things-the flavor of "Grape-Nuts" Cereal!

But flavor isn't the only thing that these tempting flakes bring you! They bring you healthful nourishment, too. "Grape-Nuts" Flakes, like "Grape-Nuts" Cereal, provides many essential food elements. A single dish, served with whole milk or cream, supplies more varied nourishment than many a hearty

Revolutionary Announcement! TIP TOP TAILORS

REDUCE THEIR PRICE!

Because we believe that present economic* conditions in Canada demand sacrifice on the part of all, we have decided to cut our profit and lower our price. In taking this step, which we believe is in keeping with the times, we are animated by the hope that we may be contributing, in some measure, to the welfare and progress of the Dominion. But, with this reduction in price, there will be no reduction in the high quality of our merchandiseactually, the standard of value of Tip Top tailoring has been raised. Effective today, the price of a Tip Top Suit or Topcoat is Twenty-Two Dollars and Fifty Cents—* styled by skilled designers, fashioned to your twenty-one personal measurements by expert cutters, tailored with particular care by competent craftsmen and guaranteed to your satisfaction by the largest made-to-measure tailorings house in the British Empire.

George and Helen had a chance to rent the very cottage they wanted for the summer, if they decided right away. But there was the difficulty of finding someone to keep Helen company during the week while George was in town.

"Perhaps Alice and Tom would share it with us," George suggested. "Why not call Alice on Long Distance right away?"

So Helen telephoned, and their summer plans were all settled in a few minutes at a cost of only 40 cents. In an emergency Long Distance is quick, dependable - and surprisingly inexpensive.

Would you spend few cents save several dollars?

'Any one would spend a few cents to save a dollar. And that is exactly what you do, again and again, when you buy this paper and read its advertisements and act on their advice.

A single fortunate purchase saves you more than the price of a year's subscription. And buys you better things-for the table, for the house, for yourself. Smarter clothes, extra convenience, increased comfort. All sorts of new satisfactions.

Form the good habit of reading the advertisements with care. The news they contain is valuable and practical. News that's good. News that mean better living.

SIDELIGHTS GRAVE and GAY

Oh, what is sleep? A poppied field Tired feet may wander through. Whereon, in dreams' strange flowers vealed, Brave hopes unfold anew!

And what is sleep? A silent room Close-barred to every care, So not one glittering grief or gloom Of day can enter there!

What is this sleep? A bubble bright,
The slightest sound may break;
Yet in that sphere what rapt delight,
What bliss a soul may take!

Oh, what is sleep? A gentle friend
Who soothes all weariness
And brings us, at purple twilight's end,
Her stillness, her caress!

SILVERTOWN SAFETY LEAGUE

Government Leaders call for YOUR Support in Nation-Wide Crusade!

Motor traffic's toll in Canada:

1.300 deaths 45,000 cases of injury

This year's toll is mounting rapidly.

IS ANYTHING BEING DONE ABOUT IT? YES!!

More than 500,000 motorists have already enrolled in the Silvertown Safety League and pledged themselves to abide by the League's "nine commandments of safety". . .

And government leaders all over the country are asking YOU to join this crusade against the carnage of the roads.

Take YOUR Stand For Safety

The Goodrich dealer's store in your locality is the local branch office of the League. He has a pledge ready for your signature. And through him you will receive FREE the Silvertown Safety League emblem to display

QUALITY ALWAYS HIGHER THAN PRICE

feel the warfare that is going on inside your tire. Heat, caused by friction of separated parts, gives no warning. That is why you should dread the blowout more than any other tire trouble. If you have ever been the victim of a blowout

"somewhere on the road" you will welcome the pro-tection offered by the balanced construction of Goodyear Tires.

In these truly balanced tires, carcass and tread are one. Goodyear Supertwist Cords, world famous for extra-mileage qualities, protected by Goodyear-processed rubber, are built up by hand and moulded layer by layer into the rugged Goodyear carcass. This and the sturdy, thick, All-Weather tread form a completely mated unit.

Goodyear Tires give you unusual wearing quality thousands of extra trouble-free miles ... extra resistance to skidding ... and freedom from that most dangerous of driving hazards"... the blowout.

For 17 years more people bavé ridden on Goodyear Tires than on any other kind.

The Greatest Value in the History of the Automobile

THE NEW FORD EIGHT is the greatest value ever offered Canadian motorists. It is so new and different-so far ahead in design and performance-that there is no basis for comparison.

There has never been a car like the New Ford Eight. None with such a perfect balance of speed, power, comfort, ease of control and economy. None that so completely fulfills every motoring desire. None so altogether pleasing to every member of the family.

Words just can't begin to describe the regard and enthusiasm you'll have for the New Ford Eight. The very first time you drive it, you will say that you have never known an automobile at any price that put so much joy and satisfaction in motoring. When you buy the New Ford Eight you buy more than a new automobile. You buy a wholly new kind of automobile. It creates a wholly new standard of value and performance in a low-price car.

A mere listing of its features shows its quality. Smooth, vibrationless eight cylinder engine. 65 horsepower. Remarkable acceleration. 75 miles an hour. Silent second gear. Silent synchronized gear shift. Automatic spark control. Down-draft carburetor with silencer. Low, good-looking, roomy bodies. Luxurious upholstery and fittings. Safety glass windshield in all body types. Safety glass throughout in Sport Coupe, Cabriolet, Victoria, Convertible Sedan and all De Luxe cars. Comfortable riding springs. Self-adjusting Houdaille two-way hydraulic shock absorbers, with thermostatic ride control, Remarkably low

gasoline and oil consumption. The built-in reliability and long life that have always been characteristic of the Ford car.

See the sensational New Ford Eight at the showrooms of the nearest Ford dealer. Drive it yourself for an amazing new thrill in motoring.

ALSO A NEW FORD FOUR Another great New Ford car. Economical 50-horsepower engine, operating with new smoothness. Sells for \$60 less than the New Ford Eight. Same fourteen beautiful body types, rich finish and attractive uphoistery. Has many of the outstanding features of the New Ford Eight. See it. Drive it. Know personally why it is as sensational a Ford value as the New Ford Eight. "The

HERE'S a wonderful new breakfast food that you're going to like a lot—and often? It's called "Grape Nuts" Flakes, and if you haven't tried it you've missed a very, very pleasant experience!

"Grape-Nuts" Flakes is a cereal nobody has to learn to like. You'll take to these big, crinkly, sunshiny flakes with the very first spoonful. They're crisp and golden and dimpled—a tempting, delicate form for the grandest of breakfast flavors-the glorious flavor of "Grape-Nuts" Cereal!

And thanks to healthful grains and a special baking process, "Grape-Nuts"

easy to digest. Like "Grape Nuta" Cereal, it gives youngsters and their elders value able nourishment-nourishment that provides many of the essential food ele-

IT'S DADDY'S FAVORITE SPORT

WHEN Daddy gets home, there's just about time for a couple of hugs and two good romps—and then it's just about time for a couple of hugs and two good romps—and then it's time for Sonny's supper. How proud you both are of him. How you love to see him eat . . . dig right into his cereal and milk and fruit and literally stow away the calories and pro-teins and vitamins that make a growing, healthy boy.

If you haven't tried it-by all neans give him a bowl of Kellogg's means give him a bowl of Kellogg's Rice Krispies for supper some evening soon. Watch him listen . . . fascinated as those tosated rice bub-bles actually crackle out loud. Then see him eat!

Kellogg's Rice Krispies are one of the best cereals for children ever made. They are so tempting, nour-

ishing—and so easy to digest. Rice Krispies help youngsters sleep sounder—for they do not overtas, like many heavy foods.

Serve Kellogg's, Rice Krispies for breakfast, lunch-or with the after-school glass of milk. Dietitians ad-vise giving children two cereals a day—a different one in the evening, for healthful variety.

for healthful variety.

Kellogg's Rico Krispies are made
with exacting care. Hands never
touch them. Gleaming machiner,
and they are protected by a patented
sealed WAXITE bag which is placed
inside the red-and-green package
and keeps every kernel oven-fresh. Made by Kellogg in London, Ont.

IT IS A CHEERFUL PLACE TO SHOP

John W. Cook

Arm-chair Shoppers are skilful shoppers

Almost every purchase you make represents a choice. And usually a wide choice, between three or four or forty good possibilities.

But no good housekeeper today sponds all her spare time on the go-comparing qualities, estimating values, trying to get the most for the money spent.

She does much of her shopping at home, with her daily paper. She finds in the advertising columns the latest fashion news from The Rue de La Paix, the newest discoveries in dietetics, marvels of mechanical invention-a thousand romances translated into real things to eat and wear and use and own. She makes up her mind before she goes out to buy.

Read the advertisements in this paper carefully. They bring you valuable information about new and better things. They show you how to have what you want and how to save money in huving.

ost every purchase you make represents a choice. And usually a wide choice, between three or four or forty good possibilities.

But no good housekeeper today sponds all her spare time on the go-comparing qualities, estimating values, trying to get the most for the money spent.

She does much of her shopping at home, with her daily paper. She finds in the advertising columns the latest fashion news from The Rue de La Paix, the newest discoveries in dietetics, marvels of mechanical invention-a thousand romances translated into real things to eat and wear and use and own. She makes up her mind before she goes out to buy.

Read the advertisements in this paper carefully. They bring you valuable information about new and better things. They show you how to have what you want and how to save money in buying.

Information that has a bearing on your expenditures, large or small, is POCKETBOOK NEWS, and as such should be carefully considered BEFORE you open your purse, if you are to secure the greatest possible value for every dollar you spend.

Just as the purchasing agent of any successful business enterprise depends upon his daily market quotations—his current price indexes and his catalogues, to guide him in his daily purchasing, so YOU, the consumer should depend upon your POCKETBOOK NEWS for the last minute information necessary to guide you in making possible the most advantageous purchases.

A nationally known manufacturer of men's clothing announces a new low price — grapefruit may be priced 6 for a quarter — a 25 pound sack of sugar is offered for \$1.01... Three bars of your favorite soap are offered for the price of two... These and hundreds of other items of interest to YOU as a prospective buyer, constitute the day's POCKETBOOK NEWS.

The advertising columns of this newspaper are filled each day with interesting, money saving items of POCKETBOOK NEWS. Here the local merchant, the manufacturer of nationally known merchandise and the jobber reveal their newest offerings in commodities and service, where these things are to be had and at what price. We repeat — this news should be carefully considered BEFORE you open your purse, if YOU are to secure the greatest value for every dollar you spend.

Not much interested in the whys or where-forces of it.—not he. He wants good food and plenty of it. Probably doesn't know the price of beans. But what a howl he sets up if expenses run high or ends don't meet. So it's up to the woman to manage

quietly, and to be mother, wife, director of the kitchen, and keeper of the pocket-book all in one.

The woman of the house long ago demanded the best of foods in airr, clean, friendly surroundings. She demanded quick, courteous service. She demanded that prices be as low as possible so she could afford to buy better food and more of it.

FRANCE'S REJECTION

France's rejection of President Hoover's proposed cut by one third in armaments is taken by many as the first of a showdown by France with the United of a showdown by France with the United States over war debts and reparations. The United States declares this question of debts is a distinct issue from the disarrament question, but France believes all such are involved.

Kellogg's today are the finest corn flakes ever made

HELP YOURSELF TO HEALTH

KELLOGG COMPANY OF CANADALTD

LONDON, CANADA

TWENTY-FIVE years ago W. K. Kellogg discovered corn flakes. Since then many brands have come and gone. But Kellogg's have always stood as the standard of quality. Constant improvements have made and kent them the finest corn flakes possible to buy.

Today's Kellogg's are the best value ever offered in corn fiskes. Behind them is 25 years' experience. Behind them are the most modern cereal plants in the world, and an organization of loyal expert workers, thousands strong.

No wonder every package of Kellogg's Corn Flakes is unconditionally guaranteed by W. K. Kellogg: "If you do not think them the most delicious and the freshest flakes you ever put in your mouth, return the empty package and we will refund your money."

By all means, compare Kellogg's. Even the fresh aroma tells a story. And just taste the flavor and crispness.

Always oven-fresh. Kellogg's are protected by a special inside WAXTITE bag which is sealed top and bottom. An assurance of freshness patented by Kellogg.

Insist on the red-and-green package at your grocer's. Substitutes for Kellogg's are seldom offered in a spirit of service. Made by Kellogg in London, Ontario.

Floyd HENDERSON

"Well, we don't, say I, so what's the use of talking? We grow it right here in Essex and Kent—the best Burley tobacco you ever saw. Put that in your pipe and smoke it."

Picobac Tobacco is the selected and perfected product of Canadian Burley
— cool ... mild ... revet. Just try it.
— and don't forget, you get more tobacco for your money.
Good for making cigarettes, too.

World's Best Known Comedian Has Plan to Save World

Why trundle those odd pieces of furniture up to the attic? Why clutter up the basement with things you no longer need? They're a nuisance and besides you need the room, don't you? You can easily get rid of those bothersome things and at the same time get the necessary cash for things you do want and need by running an inexpensive "For Sale" Want-Ad.

Pocketbook ews.

Information that has a bearing on your expenditures, large or small, is POCKETBOOK NEWS, and as such should be carefully considered BEFORE you open your purse, if you are to secure the greatest possible value for every dollar you spend. Just as the purchasing agent of any successful business enterprise depends upon his daily market quotations—his current price indexes and his catalogues, to guide him in his daily purchasing, so YOU, the consumer should depend upon your POCKETBOOK NEWS for the last minute information necessary to guide you in making possible the most advantageous purchases.

A nationally known manufacturer of men's clothing announces a new low price — grapefruit may be priced 6 for a quarter — a 25 pound sack of sugar is offered for \$1.01... Three bars of your favorite soap are offered for the price of two... These and hundreds of other items of interest to YOU as a prospective buyer, constitute the day's POCKETBOOK NEWS.

The advertising columns of this newspaper are filled each day with interesting, money saving items of POCKETBOOK NEWS. Here the local merchant, the manufacturer of nationally known merchandise and the jobber reveal their newest offerings in commodities and service, where these things are to be had and at what price. We repeat — this news should be carefully considered BEFORE you open your purse, if YOU are to secure the greatest value for every dollar you spend.

Oh.! had not a thought
When he stood at my door
That in coming he brought
Things undreamed of before!

That the land would grow fair
And my toil would grow sweet
With the light on his hair.
With the tread of his feet!

How was It Divine
When he smiled in my eyes
He would make the day shine.
Make the place Paradise?

Oh he came to my door, Just a passer, unknown; Yel from that hour., no more Walked my spirit alone.

How was I to forsee
All the gifts he would share.
When he smiled down on me
With the sun in his hair?

WHY BOTHER WITH A SECOND CHOICE TIRE WHEN GOODYEARS COST NO MORE?

Restore your pride in the appearance of your car with body-balanced tires

If your tires are worn your car is bound to have a shabby appearance, no matter how you paint and polish. Dilapidated tires depreciate a car's value... give it an unreliable and down at heel look.

But new Goodyears will work a magical transformation. The clean-cut designs of Goodyear "All-Weather" and "Pathfinder" treads impart a masterful and arresting character to a car . . . make it look smarter, better cared-for, more capable, more

No tire can be stronger than its weakest part. Goodyear's balanced strength is the result of painstaking handwork. Layer upon layer of rubber-protected Supertwist Cords are so skiffully laid and moulded that each layer actually becomes a part of

Goodyear Supertwist Cords cannot chafe. After thousands of miles of service the many layers of cord and the thick tread of live, durable rubber still form an inseparable union.

Be proud of your car this summer. Put on new-Goodyears now.
